

CCCP SCHOLARS PROGRAM 2009 - 2010

Center for Community College Partnerships

Program Information

UCLA's Center for Community College Partnerships (CCCP) presents the **CCCP Scholars program** for the 2009-2010 Academic Year. The goal of the program is to **motivate**, **inform** and **prepare** students to transfer from a California community college to selective Top Tier Research institutions such as UCLA. If selected, students in the program have access to our summer and year-long academic preparatory transfer programs which guide students through the community college experience, the application and admissions process, research and pre-graduate opportunities and career exploration. The programs focus on these processes from a **social justice** and **educational equity** perspective.

Target Participants

- CCCP Scholars are students who may:
- be the **first** in their family to go to college;
 - come from **low-income** backgrounds;
 - and/or be from **underserved** communities.
- CCCP Scholars targets students who:

 - show potential for transfer success.
 - are **non-traditional** students who have faced challenges in their academic career.
