- Physical Science w/ Lab/Demo

### Unit Waivers

If you completed coursework at a community college or four-year institution that satisfies a G.E. requirement, but did not earn the requisite number of units, please speak with a full-time counselor from your academic counseling unit to inquire if you are eligible for a unit waiver.

### Concurrent Enrollment

Concurrent enrollment is defined as taking courses during regular sessions (Fall, Winter, and Spring terms) for credit at UCLA and, at the same time, at another non-UC institution, including UCLA Extension. Concurrent enrollment is not permitted except in extraordinary circumstances, and no credit is given for such courses unless the approval of the UCLA College has been obtained by petition prior to enrollment.

The concurrent enrollment restriction does not apply during the summer. Please speak with your full-time counselor if you have questions or concerns.

### IGETC

Transfer students who completed IGETC at a community college will be exempt from the College's General Education, Writing I and II, Quantitative Reasoning, and Foreign Language requirements.
